Request to take my dog(s) into the Gardens – South Garden Only.

Dogs are not allowed in the north garden

Name(s) and breed/description of dog(s) \_\_\_\_\_

\_\_\_\_\_ AGE \_\_\_\_\_

for a period of one year from January 1 2020 and agree to abide by the following rules :

1. I will provide a certificate that my dog(s) has/have been properly wormed. (Vets certificate preferred but your written assurance will be acceptable)
2. I, and anyone authorised by me to take my dog(s) into the gardens will keep it on a lead, under control and remove any messes made by my dog(s) or any other dog in the garden.
3. I accept full responsibility for any problems or litigation which I my dog(s) or walker may cause and fully indemnify the Company, its Directors, Officers and gardeners against any claims.
4. I will hand over the dog identity tag and/or key of the garden for a period to be determined by the Directors should they, at their sole discretion, consider I have broken these rules.
5. I agree to attach a tag to my dog(s) collar when it is in the gardens to signify it is registered and wormed and to return it to the Company on demand.
6. I agree to help administer the dog registration scheme.
7. The majority of leases in the Kemp Town Estate require Freeholder's consents to keep an animal. Registration of a dog to use the garden in no way over-rides the need to seek consent from your Freeholder to keep a dog which may not be available.
